Job Placement *2019 Report*

FLINT HILLS TECHNICAL COLLEGE | Placement Report

This chart contains the results of the one-year Follow-Up Study of the 2017-18 program completers. The study was conducted in 2019. Results of this annual survey are reported to the State of Kansas and compiled in the "Kansas Training Information Program" publication. Percent employed or continuing education is based on the number of students contacted, not the number of students completing. 98% of graduates contacted were employed in their field of study or continuing their education.

Job Placement Services

Flint Hills Technical College is widely recognized for its success in attracting quality students who acquire valuable knowledge and competencies through their technical programs of study at FHTC. These same students successfully enter a competitive workforce with the ability to perform complex, demanding jobs that require the highest level of technical, communication and teamwork skills.

FHTC has historically been very successful in preparing graduates to go directly to work, continue to pursue formal studies at other institutions of higher education, or undertake both. Whatever choice the student makes, FHTC instills in all its graduates an appreciation for lifelong learning. The employer who hires a FHTC graduate will get an individual who is well educated, has a strong work ethic and is willing to continue to learn — both on the job and off.

FHTC has found that an effective method of matching the right employer to the right student is to place responsibility for job placement at the departmental level. Faculty members are actively involved in maintaining relationships with business and industry by including employers in program advisory committee activities, curriculum decision-making and equipment selection. It is natural that the placement of students in occupations for which they are educated be a function of these relationships.

Employers interested in locating capable employees are encouraged to contact Flint Hills Technical College Career Services by calling 620.341.1376 or, if outside the Emporia area, 1.800.711.6947. Representatives from business and industry are, of course, always welcome to visit.
